

LUCIDUM

Heat resistant welder's glove

Features

- Flexible split AB grade cowhide leather
- Long cuff
- Cotton liner
- Black welt on seams

Risks

Protects from

- Burn injuries
- Heat injuries
- Abrasions
- Blisters
- Grazes
- Scratches
- Lacerations

Benefits

- Hold contact heat up to 100° C
- Resists welding sparks & grinding splash
- Sweat management
- Abrasion resistant
- Good dexterity
- Durable

Specification

Color: Red
Size: 10 / XL
Length: 35 cm
Material: Heat resistant split leather
Lining: Cotton
Leather Grade: AB
Thickness: 1.2 ± 0.2 mm
Origin: Pakistan

Standards

CAT II EN 420:2013 EN 388:2016 EN 407:2004

(4244X)

(41324X)

Industries

- Shipbuilding
- Construction
- Engineering
- Manufacturing
- Automotive
- Logistics
- Mining
- Aerospace

Applications

- Welding
- Brazing / Bonding
- Gas cutting
- Metal fabrication
- Mining
